

On-Screen Advertising Opportunities

Why Advertise in Movie Theaters?

America *loves* the movies!

It is compelling entertainment that the whole family can enjoy and tops the list of adult leisure activities, even beating out such popular activities as dining out, entertaining friends or relatives at home, and reading books.

Expansive Reach

Moviegoers spend an average of 14 minutes in their seats before a movie starts. They are relaxed, receptive, and captivated ensuring you have their full attention. Movie going is the #1 leisure activity for Americans. Of your target audience, 32% are ages 18-34, 51% are ages 35-49, and 46% are college educated. Nearly 9 out of 10 moviegoers prefer to see a preshow as opposed to a blank screen.

Effective Recall

Throughout the course of only a few minutes, your ad will receive constant repetition. Your ad will run for 15 seconds every 5 minutes. Many consumers consider cinema ads to be more interesting than other media. Cinema advertising is appealing and memorable, with a 52% unaided recall rate.

Engaging Environment

Movie theaters offer a unique, distraction-free environment, complete with large screens and immersive sound systems. Your ad will be showcased in an ideal atmosphere in front of an audience who is comfortable and attentive.

Foundry Information

The Foundry is the only luxury cinema and bowling alley in Grand County. It has two movie screens, with an average of 4 daily showings. On the weekends there are an average of 6 showings. Your ad will run for 15 seconds every 5-6 minutes. This means that you will be able to reach hundreds of new consumers each day. You'll be sure to reach your target market with the wide age range of moviegoers that visit The Foundry, including locals and tourists taking a break from various outdoor activities.
